

4/20/2023

Alexandria Gun Club held the spring meeting and pistol league awards at Fired Up in Alexandria on 4/20/23.

After the Pledge of Allegiance and introduction of attending Board members, officer's reports were read.

Pistol League Awards were handed out to members who completed the 12- week league and turned in targets. Thank you to everyone who attended pistol league!

The Porta Potty contract will begin in May at the outdoor range.

We will have our annual clean up day at the outdoor range beginning at 9:00 am on Saturday, May 20, 2023. We will be installing a new floor in the 100-yard shed and making additional updates. **ALL members** are asked to help if they can. Please bring tools, generators, ladders, mowers, etc. and make sure to have gloves as we will be handling some siding.

Sight in days will once again occur in the fall with more information coming at a later date.

Some members requested having summer leagues/competitions, etc. This is something that we encourage ALL members to be a part of. If you are interested in running a competition or other event at the range, please reach out via our email or directly to one of the Board members. We can help advertise your event and answer any questions you may have. Any announcements of events at the range will come out via email.

Meeting Adjourned

Determined after the meeting was adjourned

Townsend's Firearm Instruction will be holding an NRA Basic Range Safety Office Course on Saturday, June 24, 2023 beginning at 9:00am at 134 Main Street, Miltons.

We have had requests for this training in the past and have several members who have completed it. AGC would love to have additional members complete this class so that we can help each other better at the range as well as entertain the idea of additional range events where Range Safety Officers are needed. Non-AGC Members are also welcome to take this class so please spread the word!

Range Safety Officer candidates will learn roles and responsibilities of an RSO; Range Standard Operating Procedures (SOPs); Range Inspection; Range Rules; Range Briefings; Emergency Procedures; and Firearm Stoppages and Malfunctions. Class fee of \$80 includes materials needed.

Please contact Mike Townsend at miket@practicalvikingllc.com or 320-760-2023 with questions. To sign up, please reach out to Mike directly OR sign up on line at <https://www.nrainstructors.org/coursedetails.aspx?courseid=778184>
