

THE MOST PRECISE AND EASY TO USE ALIGNMENT SYSTEM ON THE MARKET

KEY DESIGN FEATURES

AccuWasher® kit includes individually marked high precision shims of different thicknesses allowing 360 degree indexing in precise increments. Only one shim is required for each application.

- **SHIM ADAPTERS**
New AccuWasher® Shim Adapters can be used to expand compatibility and fitment to nearly all common barrel threads, including metric.
- **PRECISION MACHINED**
Each AccuWasher® shim is machined to a guaranteed thickness uniformity of ± 0.0001 " providing better muzzle device alignment than any other system on the market.
- **NO TOLERANCE STACK-UPS**
The single shim system eliminates tolerance stack-ups inherent with stacked-shim systems resulting in superior alignment and accuracy.
- **CONTROLLED TORQUE**
Precise indexing increments prevents the need for excessive installation torque which can cause muzzle distortion and adversely affect accuracy.
- **SIMPLE TO USE**
Each AccuWasher® shim is individually marked according to thickness, simply choose the correct size and install. No need for the time consuming hassle involved with peel washers and stacked-shim systems.
- **MAXIMUM SAFETY**
Ensures the lowest risk of baffle strikes for the highest level of safety on alignment critical devices such as sound suppressors and muzzle brakes.
- **COST EFFECTIVE**
One kit will index about nine muzzle devices on average. Inexpensive replenishment shims are available and can be purchased individually as needed.
- **CORROSION RESISTANT**
Machined from high strength 400 series stainless steel bar. Finished with an oxide blasted non-reflective surface for low visibility.
- **CHAMFERED EDGE**
Each AccuWasher® shim is chamfered on one side to allow clearance for barrels with radiused thread shoulders.

PRODUCT SPECIFICATIONS

	AW500G2	AW625G2	AW750G2
I.D.	1/2"	5/8"	3/4"
O.D.	0.725"	0.825"	0.925"
Thickness	0.060"-0.094"	0.040"-0.080"	0.040" - 0.080"
Material	400 Series Stainless Steel		
Finish	Oxide Blasted, Matte Grey		
MSRP	\$24.99 - \$32.99
