## Engraved Frames from the Fox Ridge T/C Custom Shop

Don't Forget... **Order Barrels, Stocks, and Accessories** from our **Thompson Center Home Page!**

After months of negotiation, losing out to a higher bidder, re-negotiating, and finally striking a deal... We are pleased to announce the availability of the last remaining examples of engraved TC Encore frames from the Original Fox Ridge T/C Custom Shop! We got a few different styles in varying degrees of coverage. (Limit: One Engraved Frame Per Customer).

Prices are quite reasonable... Not much more than a regular production frame except **these do not include stocks**... They have been in storage at TC and may have dust and/or minor tarnish but all are brand new and fully functional, sold "As Is".

**More Coming**... Check back as we have a few additional "miscellaneous" engraved frames that we'll post here as we get them photographed. The rarity of these increases as each example sells out. We hope you enjoy the pictures!

**Telephone Sales Only (1-800-950-9088)** - These frames are in VERY limited supply and they're VERY reasonably priced. To avoid misunderstandings and to be sure we don't mistakenly sell something that is sold out, orders will be accepted by telephone only. You will need your credit card to reserve your engraved frame. We will need your local gun dealer to fax us his FFL so that we can ship your frame there. Your local dealer will do the FFL paperwork when you pick up your order.

### SOLD Whitetail Classic Stainless Encore (Click the Photos to Enlarge and Show Detail)

This one was engraved and then given a satin finish (as opposed to a dull matte finish). The result is that the engraving picks up the same level of light as the receiver sides. Its a little more subdued than bright engraving but, the engraving still shows nicely and its a rich overall effect. Click the photos to enlarge and see the detail for yourself. **Call now... 800-950-9088 to order.**

### SOLD Whitetail Hunter Stainless Encore (Please Click the Photos to Enlarge and See Detail)

This one was engraved onto a satin stainless finish. The engraving is bright and shiny. Receiver sides are done in floral scrollwork. Left side is "Whitetail Hunter" and right side has a whitetail buck engraving. There's some tarnish on the bottom of the receiver. We recommend you just oil it and leave it. ### SOLD Dual Gold Whitetails w/Pro Hunter Logo

(Please Click on the Photos to Enlarge and Show Detail... This is the only Engraved Pro Hunter we Have)

We only got one of these Encore Pro Hunters and we didn't know it had some gold until we turned it over. Scroll engraving on the receiver sides. The right side has two whitetail bucks in a hunting scene. The left side has the TC Pro Hunter logo. And the

bottom has the TC logo. Being a Pro Hunter, this frame has the pivoting hammer. **Call now... 800-950-9088 to order.**

**Sold Out Whitetail w/TC Logo Semi-Polished/Matte Engraved Encore Frame**

***(Please Click on the Photos to Enlarge and Show Detail... Do It Now, They're Really Beautiful!)***

We have three of these. Receiver sides were semi-polish and the recessed lower portions were matte-finished prior to engraving and then blued. The result shows the engraving quite nicely. It's difficult to get the photography to do justice to the engraving but if you click on them you can enlarge them and see the detail. **Call now... 800-950-9088 to order.**

**SOLD Whitetail/TC Logo Matte Frame**

***(Please Click Photos to Enlarge and Show Detail)***

We're thinking this one was finished in Matte Blue after the engraving was cut. So, the engravings aren't quite as stand-out as the example above. Receiver sides have scrollwork. Left side has the TC logo. Right side has a Whitetail scene. Click the photos to enlarge and see detail.

**Sold Out Whitetail Classic 1 of 250 Frame**

***(Please Click Photos to Enlarge and Show Detail)***

This one is especially unique because its serial number is S81001 and it is marked "1 of 250" on the left side.

There are some tarnish spots on the bottom and top. We recommend wiping these with oil and then just leave them alone. Click the photos to enlarge and see detail.
