10/22® CLIPPED
RECOIL GUIDE ROD

This STAINLESS STEEL RECOIL SPRING GUIDE ROD is precision machined for smooth trouble free operation and features our exclusive "C" clip retainer so you can disassemble the spring and rod assembly as required without having to try to tap a roll pin in and out each time or grind the crimp out of the Ruger factory rod.

For custom rifle and pistol builds, the STAINLESS STEEL RECOIL SPRING GUIDE ROD is an inexpensive upgrade from standard Ruger factory rods.
